

BORN TO BE WILD

Royal Baby Collection

LOOKBOOK

for the little ones

We want our babies to grow up and inherit a healthy and happy planet. We believe that it starts from carrying about the planet. This is why all our products are made from GOTS certified organic cotton.

Royal Baby Collection is not only GOTS certified, but is a chic alternative to the standard baby pajamas. They are made according to International Hip Dysplasia Institute guideline: Created exclusively for Royal Baby Collection, Sleep N Play Pajamas come with whimsical drawings of animals, embroidery crests, and elegant frills and ruffles which will add a sense of chic to baby pajamas. All of our pieces are designed individually with attention to details. This essential will get plenty of wear; perfect for nap time and playtime, and to go out. Your baby will love wiggling around in this footed coverall, which is made according to the international hip dysplasia institute guidelines.

"LUXURY MUST BE COMFORTABLE,
OTHERWISE, IT IS NOT LUXURY."

As a designer, who was always surrounded and exposed to fashion, details are very important to me. This is why each piece of RB Royal Baby Collection was designed with attention to details. Details which are not only glamorous, but details which will help develop the baby's senses.
